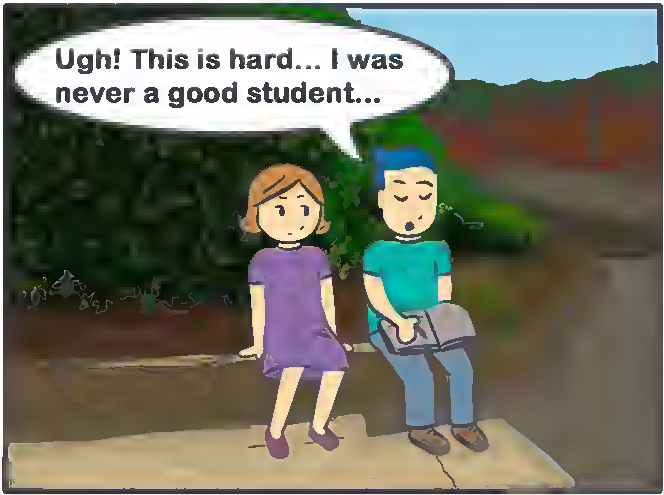
NICHOLALALA

Come on! Please do it!

The school ghost can't cross over if you don't do it

Is she nearby?

Waiting in the shadows...
and with my ghost friend
Shudder



Ugh! This is hard... I was never a good student...

You can do it!!!
Look I'm cheering you on!

Some time later...

Okay... I think I'm done...

Let's see if this works

What if it doesn't work because you didn't do it yourself?

Other students copied and cheated and they aren't trapped here!

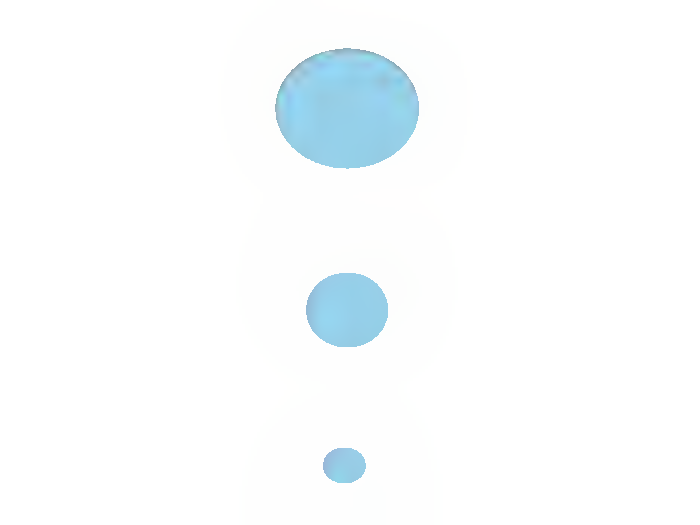
Okay here you go

Is anything happening?

It's working!!!

Goodbye School Ghost!
Bye!
Goodbye!

She really is gone...
Can we go now?



I was wondering why you are still a ghost? Why haven't you crossed over?

What type of ghost am I?
A gwishin...

Ohhh... an unmarried ghost...
you've never been with a man...
That's why you are so-

-shut up!

Anyway, I think it's too late for me...
